

OrgDNA — the key to unlocking your company's potential

Your strategy is only as good as your company's ability to execute it.

Understanding your organization's DNA — its personality — and the levers, or traits, that shape it, is critical to driving optimal performance. Take our OrgDNA Profiler® Survey to better understand how effective your organization is.

Insights leveraged from 234,000 respondents across hundreds of companies can be put to work for your organization

There are seven **organizational profiles**, Orange profiles are strong; gray are weak

Take Strategy&'s quick OrgDNA Profiler Survey to get to know your company's type, identify strengths, and repair roadblocks that can hinder results:
